

November 17, 2017

TO: Utility Districts and Municipalities

FROM: North Fort Bend Water Authority (the "NFBWA")

RE: Notice of Extension of Comment Period for Consideration of Modification of Director Precincts

The NFBWA previously distributed a Notice dated October 17, 2017 (the "Original Notice"), detailing the NFBWA's Board of Directors (the "Board") upcoming consideration of modifications to the current Director precincts based on changed circumstances due to an unequal distribution of water usage within the NFBWA's boundaries. The Original Notice contained a comment period inviting members of the public to submit written and oral comments related to the proposed modifications, as well as the supporting data including the draft population growth and water demand analysis (the "Analysis").

At the Board's regular monthly meeting held on November 16, 2017, the Board held the second public hearing to receive oral comments, as well as to discuss any written comments received. The Board considered a request to extend the deadline for the written submission of comments past the previously established November 15, 2017, deadline. After discussion, the Board unanimously agreed to extend the deadline for written comment submission through December 4, 2017. The Board meeting to consider adoption of the final Analysis and resolution regarding modifications to the Director precincts is scheduled to be held on December 6, 2017.
