## OPERATIONS AND WINTER STORM RECOVERY MATTERS

He reported that the current total cost of the current repairs identified is \$91,656.06. The Board discussed whether to file claims with the Authority's insurance provider and apply to the Federal Emergency Management Agency ("FEMA") for Public Assistance for the cost of the repairs for the Authority's facilities attributable to the recent freeze event. Discussion ensued regarding the amount of the deductible included in the Authority's insurance policy and the anticipated costs for applying to FEMA for Public Assistance. Following discussion, the Board concurred to direct Inframark to file claims with the Authority's insurance provider and decline applying to FEMA for Public Assistance for the cost of the repairs for the Authority's facilities attributable to the recent freeze event.
